1. Hold the Menu button until the meter turns on.
2. Scroll to Setup and click on OK.
3. Click OK.
4. Click Connection.
5. Click Delete.
6. Click Yes to delete pump.
7. Wait...
8. Click OK.
9. Click OK.
10. Click Yes.
11. Click OK.
12. Press Auto Connect.

Put the meter down and pick up your pump.
13. Press .
15. Select Device Options.
16. Select Connect Device.
17. Select Auto Connect on your pump.

18. Press .
19. Select Continue

Place the meter and pump next to each other.
20. Select Search on your pump and meter.

The search may take up to 2 minutes.

21. Check to see that the Device SN (serial number) on the pump screen matches the Device SN on the meter.
22. If they match, select Confirm on the pump.

23. Check to see that the SN on the back of the pump matches the SN now on the meter screen.
24. Follow the remaining steps on the meter to choose to Always send result to pump and select the Date Format.

Setup is now complete.
